Description of Change: Dear valued Customer,

We are pleased to inform you about an important development regarding our production operations. In response to the increasing demand for our products and in line with our commitment to providing you with reliable and timely deliveries, we have decided to relocate parts of our production to an alternative facility.

This strategic move will allow us to expand our capacity, improve supply chain security and better serve your needs.

This alternative facility is well experienced in manufacturing IR Receivers like Vishay's existing Minicast package at a constant high quality level.

The transition is being carefully managed to ensure that there will be no disruption to our deliveries. Our team is working closely with all stakeholders to maintain the high standards of quality and service you are accustomed to.

We are confident that this step will significantly enhance our ability to meet your requirements now and in the future.

What changes:

- Location of production from Manila to Laguna, Philippines.
- Laser marking of parts.
- Location mentioned on product label.

What does not change:

- Product materials used and product performance.
- Product datasheets.
- Production processes and production machines.
- Quality standards. The new location is ISO9001:2015 and IATF16949:2016 certified.

Should you have any questions or require further information, please do not hesitate to contact us.

Thank you for your continued trust and partnership.

With best regards

Rainer Hauschildt

Reason for Change: Capacity expansion and improved supply chain security.

Expected Influence on Quality/Reliability/Performance: Improved lead times.

Product Change Notification

Product Group: OPT/Friday August 1, 2025/PCN-OPT-1439-2025-REV-0

Part Numbers/Series/Families Affected: Please see materials list on the succeeding page.

Vishay Brand(S): Vishay Semiconductors

Time Schedule:

Start Shipment Date: Saturday November 1, 2025

Sample Availability: Since electrical and mechanical performance is not changing, free of charge samples will not be available unless special approval is granted by Vishay.

Product Identification: via lasermarking and product label

Qualification Data: Qualpack is available

This PCN is considered approved, without further notification, unless we receive specific customer concerns before Sunday September 14, 2025 or as specified by contract.

Production Relocation to Ensure Supply Reliability and Meet Growing Demand

Dear valued Customer,

We are pleased to inform you about an important development regarding our production operations. In response to the increasing demand for our products and in line with our commitment to providing you with reliable and timely deliveries, we have decided to relocate parts of our production to an alternative facility.

This strategic move will allow us to expand our capacity, improve supply chain security and better serve your needs.

This alternative facility is well experienced in manufacturing IR Receivers like Vishay's existing Minicast package at a constant high-quality level.

The transition is being carefully managed to ensure that there will be no disruption to our deliveries. Our team is working closely with all stakeholders to maintain the high standards of quality and service you are accustomed to.

We are confident that this step will significantly enhance our ability to meet your requirements now and in the future.

What changes:

- Location of production from Manila to Laguna, Philippines
- Laser marking of parts.
- Location mentioned on product label.

What does not change:

- Product materials used and product performance.
- Product datasheets.
- Production processes and production machines.
- Quality standards. The new location is ISO9001:2015 and IATF16949:2016 certified.

Reason for Change: Capacity expansion and improved supply chain security.

Expected Influence on Quality/Reliability/Performance:

Improved lead times.

Sample Availability:

Since electrical and mechanical performance is not changing, free of charge samples will not be available unless special approval is granted by Vishay.

Product Identification:

1) Laser marking (example)

FROM	TO
Heimdall	
	
without location code	with location code 69 (location code for DPL)

2) Labeling (example)

PACKAGE	VPI REGION : 2410	DPL REGION : 2412
HEIMDALL		

Qualification Data:

A Qualpack can be provided now. Additional data can be provided upon request.

Should you have any questions or require further information,
please do not hesitate to contact us.

Thank you for your continued trust and partnership.
