Product Discontinuance Notification Details					
Description of Discontinuance:					
Texas Instruments Incorporated (TI) is announcing the discontinuance of select devices. Part Numbers are listed in the Product Affected Section. A non-cancelable, non-refundable last time buy is being offered per the date shown above. Recommended replacements are being offered as shown in the Product Affected Section. NOTE: There are no samples offered for withdrawn/obsolete products. For samples of any of the replacement products, please contact your local sales representative.					
Reason for Withdrawal/Discontinuance:					
TI will no longer support the tube and small reel part numbers shown below. The recommended replacement product is an exact replacement device shipped in large tape and reel. For support of smaller quantities (less than large tape and reel pack quantities), customers may be able to order the replacement part number (large pack variant) on TI.com, and choose a custom reel size for the actual quantity required. Please refer to Carrier Packaging Options for more information. If you need further assistance, please contact your local sales representative or TI customer support.

For questions regarding this notice, e-mails can be sent to the Change Management team or your local Field Sales Representative.

For the above-listed product(s), TI's cybersecurity support will end when the last time buy period ends, unless TI previously announced an earlier end of cybersecurity support or unless cybersecurity support for a longer period is legally required. For example, TI will provide a longer support period if required by the EU Cyber Resilience Act (CRA). Cybersecurity support for any software provided by TI for use with the above-listed product(s) ends when cybersecurity support for such product(s) ends.
