Phase-Out of – HV Fuse-ADO 10A

General

As part of our portfolio optimization, Schurter will gradually phase out the ADO series 10A. To continue supporting new orders, AMO can cross some ADO 10A variants as listed below. Please refer to the table for available alternatives.

Thank you for your continued partnership and support.

Should you have any questions or require further assistance, please do not hesitate to contact your account manager or our customer service team.
