**Notification# 20250316004.0.A
Datasheet for LP2980-N
Information Only**

The rev A is being issued to correct the format error in the affected device list.

Date: March 21, 2025

Dear Customer:

This is an information-only announcement of a change to a device that is currently offered by Texas Instruments.

The changes discussed within this notification are for your information only.

Any negotiated alternative change requirements will be provided via the customer's defined process. Customers with previously negotiated, special requirements will be handled separately. Any inquiries should be directed to your local Field Sales Representative.

For questions regarding this notice, contact your local Field Sales Representative or the Change Management team.

Sincerely,

Change Management Team

These changes may be reviewed at the datasheet links provided. http://www.ti.com/product/LP2980-N																										
Reason for Change:																										
To accurately reflect device characteristics. The datasheet update is driven by changes announced in PCN 20230906001. These changes are part of our multiyear plan to transition products from our 150-millimeter and 200-millimeter factories to newer, more efficient manufacturing processes and technologies, underscoring our commitment to product longevity and supply continuity.																										
Anticipated impact on Fit, Form, Function, Quality or Reliability (positive / negative):																										
Datasheet update has no anticipated impact.																										
Changes to product identification resulting from this PCN:																										
None.
