

Notification of Discontinued Products

Dear Valued Customer,

We extend our sincere gratitude for your continued support of Panasonic. Your loyalty and dedication to Panasonic products have been vital to us.

After thorough consideration and evaluation, we regret to inform you that we will be discontinuing some of our **POSCAP (Polymer Tantalum) products**.

We understand that this decision may cause inconvenience, and we apologize for any disruption it may bring to your operations. Our team is committed to minimizing any potential impact and assisting you throughout this transition.

Case 1:

Below are the details of the affected products:

Affected Product	26 PNs of TA & 3 PNs of TV series Please refer to the appendix
Reason of Discontinuation	Ta powder supplier for POSCAP TA/TV series announced it will discontinue production due to aging sodium-reduction equipment. Alternative Ta powders from the same supplier's another factory and from other suppliers were evaluated, but could not match the required material properties or finished goods reliability. As a result, we decided to proceed with EOL (end-of-life) for POSCAP TA/TV series.
Schedule	Last time order: Sep. 30, 2026 Last shipping date: Sep. 30, 2027
Suggested Alternatives	Please refer to the appendix

Case 2:

Below are the details of the affected products:

Affected Product	1 PN of TPB & 1 PN of TPE Please refer to the appendix
Reason of Discontinuation	To optimise production efficiency and focus on delivering higher quality products.

Schedule	Last time order: Sep. 30, 2026 Last shipping date: Sep. 30, 2027
Suggested Alternatives	Please refer to the appendix

We encourage you to reach out to us with any questions or concerns you may have regarding this announcement. Your satisfaction remains our top priority, and we are here to support you in finding suitable alternatives or addressing any challenges you may encounter.

Thank you for your understanding and continued partnership as we navigate this change together.

Best regards,

Panasonic Industry GmbH
