Dimensional change for 20ml syringe

Dear Valued Customer,

Our cartridge supplier announced a discontinuation of the 20ml syringes we are currently using for below listed Electrolube products:

Product Code	Product Description
30002180.0020ML	HTC NON-SILICONE TIM, 20ML
30002197.0020ML	HTCP NON-SILICONE TIM, 20ML
30002355.0020ML	SGB CONTACT LUBR. 20ML

Due to this discontinuation, we will gradually introduce a new 20ml syringe with slightly different dimensions. Herewith a summary of the dimensional changes:

	Current Syringe (+/-0.5mm)	New Syringe (+/-0.5mm)
Syringe body	102 mm	110 mm
Diameter	21.6 mm	20.8 mm
Filled Length	177 mm	197 mm

In addition, both skillet and box size will be slightly adjusted to accommodate for the new syringe dimensions. The packaging quantity per box will remain unchanged.

Should you have any further questions about this packaging change, then please reach out to our customer service team.

Best regards,
