

CUSTOMER ADVISORY

ADV2602

Changes to Label Content on Altera Products

Issued: 01/30/2026

Description:

Altera is informing customers about upcoming changes to the label attached to the inner box and moisture barrier bag.

- "INTEL" name is replaced with "ALTERA".
- Removed "(V) SUPPLIER" ID field as this no longer applies to Altera.
- Added "(1T) MFG LOT NO" which is additional lot level traceability.
 - Note: "(T)LOT" remains the main lot number.
- The previous Country of Origin (COO) barcode field is replaced with "FINAL ASSEMBLY" and "FABRICATED IN" human readable and barcoded fields.
 - Note: The applicable COO will vary based on the shipment destination. The Commercial Invoice and Packing List will include both the Country of Assembly (COA) and Country of Fabrication (COF) to provide and ensure accurately represented COO information.

Recommended Actions:

During the transition period, customers may receive shipments containing a mix of existing and updated labels. Please ensure that personnel at relevant label review points are informed of this change to maintain awareness and consistency.

Products Affected:

All Altera products.

You can **download** the list of affected ordering part numbers from here:

<https://docs.altera.com/v/u/resources/r034802/part-number-list-for-adv2602-r1>

Change Implementation

Milestone	Date
Earliest shipment using the updated labels. Note: From this date, customers may start receiving shipments with a mix of existing and updated labels.	March 2, 2026

Contact:
