Description of Change:

Dear valued Customer,

We are pleased to inform you about an important development regarding our production operations.

In response to the increasing demand for our products and in line with our commitment to providing you with reliable and timely deliveries, we have decided to relocate parts of our production to an alternative facility.

This strategic move will allow us to expand our capacity, improve supply chain security, and better serve your needs.

This alternative facility is well experienced in manufacturing IR Receivers like Vishays existing Minicast package at a constant high-quality level.

The transition is being carefully managed to ensure that there will be no disruption to our deliveries. Our team is working closely with all stakeholders to maintain the high standards of quality and service you are accustomed to.

We are confident that this step will significantly enhance our ability to meet your requirements now and in the future.

What changes:

- Location of production from Manila to Laguna, Phillippines
- Laser marking of parts (see product identification).
- Location mentioned on product label (see product identification).

What does not change:

- Product materials used and product performance.
- Product datasheets.
- Production processes and production machines.
- Quality standards. The new location is ISO9001:2015 and IATF16949:2016 certified.

Reason for Change: Capacity expansion and improved supply chain security.

Expected Influence on Quality/Reliability/Performance: Improved lead times.

Part Numbers/Series/Families Affected: Please see materials list on the succeeding page.

Vishay Brand(S): Vishay Semiconductors

Time Schedule:

Start Shipment Date: Wednesday October 1, 2025
